Supt. Message to Staff

I am excited about this upcoming school year and I am grateful to have been given the opportunity to lead as the new Superintendent. Looking ahead, our administrative team is currently working through the details for the upcoming school year, and we are all excited about the full return for our students to attend classes at each of our campuses. We look forward to refocusing our efforts to provide an excellent educational experience for students supporting their social, emotional and educational needs. Our goal is to unify and work collaboratively as a district with the best interest of our students at heart.

I would also like to personally thank Superintendent Karen S. Watson for her heartfelt efforts and willingness to assist me in making this a smooth and successful transition.

Kind regards,

Andre' L. Ponder

The **Mineral County Board** of Trustees believes in being united in working for the best education possible for our children. The **District** believes it is important to instill in our children a pride in our **District** and the education they receive here; and to prepare our students to compete in today's society.
