Emergency Paid Sick Leave (EPSL)

1. Policy

This policy complies with the Families First Coronavirus Response Act to grant eligible employees protected leave for qualified reasons.

Public employers are covered under the Emergency Paid Sick Leave Act (EPSLA) and will comply with the requirements of the EPSLA and advise employees if they meet the eligibility requirement.

Employers are required to post and keep posted Form WH-1422: Employee Rights: Paid Sick Leave and Expanded Family and Medical Leave Under the Families First Coronavirus Response Act in a conspicuous place that can readily be seen by employees and applicants alike, even if no employees are eligible.

This policy is effective at 12:01 a.m. on April 1, 2020 and will remain in effect until 12:00 p.m. on December 31, 2020. It does not apply retroactively.

2. Eligibility

With exceptions, all employees are eligible for EPSL, regardless of their seasonal, temporary, etc., status. There is no length of service requirement.

Health care providers and emergency responders may be excluded from the provision of this policy. Each health care provider's and emergency responder's eligibility will be individually assessed. To minimize the spread of the virus associated with COVID-19, **employer** will be judicious when using the definitions below to exempt health care providers and emergency responders from the provisions of the FFCRA.

- A health care provider is anyone employed at any doctor's office, hospital, health care center, clinic, local health department or agency, nursing facility, retirement facility, nursing home, home health care provider, any facility that performs laboratory or medical testing, pharmacy, or any similar institution, employer, or entity. This includes any permanent or temporary institution, facility, location, or site where medical services are provided that are similar to such institutions.
- An emergency responder is an employee who is necessary for the provision of transport, care, health care, comfort, and nutrition of such patients, or whose services are otherwise needed to limit the spread of COVID-19. This includes but is not limited to law enforcement officers, correctional institution personnel, fire fighters, emergency medical services personnel, physicians, nurses, public health personnel, emergency medical technicians, paramedics, emergency management personnel, 911 operators, public works personnel, persons with skills or training in operating specialized equipment or other skills needed to provide aid in a declared emergency, and individuals who work for such facilities employing these individuals and whose work is necessary to maintain the operation of the facility.

5. Compensation During Leave
