Adopted: June 24, 2006

Inter-district Transfer of Resident Students

The district offers a variety of programs and services designed to meet the individual needs of its students. Nevertheless, the Board recognizes there may be circumstances that arise in which a resident student may benefit from attendance in another public school in the state. Consequently, a student who resides within district boundaries may be released to attend school in another district that agrees to accept the student. The agreement will be by written consent of the affected school boards and approved by the Department of Education. The student becomes a “resident student” of the attending district, allowing the attending district to receive Distributive School Funds. Any additional fees are the responsibility of the parent.
